2,000 Seek Stolen Baby Michigan City, Ind., Oct. 15 (P)

Two thousand volunteers searched Michigan City again today for a missing baby while palice looked for a mysterious woman in white."

The "woman in white" became the main clue after the PBI tocated in Milwaukee a practical nurse who left Michigan City about the time six-day-old Lawrence James Lyons disappeared last Saturday. The PBI said she was not involved.

Meanwhile, state police broadcast widely a description of a man and a red-haired woman who attempted to hold up a truck driver near Marion, Ind. this morning. The driver said the woman wore a nurse's uniform and carried a small baby

Lt. George Daugherty said state police were investigating the possibility the woman might be connected with the disappearance of the Lyons baby from his crib in St Anthony hospital.

2,000 Seek Stolen Baby

Michigan City, Ind., Oct. 16 (A) Two thousand volunteers searched Michigan City again today for a missing baby while police looked for a mysterious 'woman in white.'

The "woman in white" became the main clue after the FBI located in Milwaukee a practical nurse who left Michigan City about the time six-day-old Lawrence James Lyons disappeared last Saturday. The FBI said she was not involved.

Meanwhile, state police broadcast widely a description of a man and a red-haired woman who attempted to hold up a truck driver near Marion, Ind., this morning, The driver said the woman wore a nurse's uniform and carried a small baby

Lt. George Daugherty said state police were investigating the possibility the woman might be connected with the disappearance of the Lyons baby from his crib in St. Anthony hospital.

Orders were posted at the fire Europe paratus, and directing which trucks Donald G. Jacobs, fire chief, and William G. Weaver, president of the fire company, for the fire board.

Drivers are not assigned to any particular truck, but will operate any of the various pieces of apparatus as occasions demand, Chief Jacobs said. Those named are as follows: Francis Smith, C. It picked up speed. It plowed through a hedge into neighbor R. C. Jordan's property. It smashed through both ends of the Jordan garage.

Next, the car invaded the prem-

DIMAG TO MAKE

San Francisco, Oct. 16 (A) - Joe DiMaggio, giving every indication he's played his last major league ball game, nevertheless says he won't make his decision final for at least a month.

Then he'll tell New York Yankees boss Dan Topping, the centerfield ace said as he departed yesterday for a month's baseball tour of Japan. DiMaggio said he'd given his deci-

sion to Topping in New York last week-but the boss asked him to think it over. So he agreed to drop in on Topping after he returns from Japan.

DiMaggio gave no hint what he'd do if he retires from his years of stardom with the Yanks, as expected. And he made it definite that he'll not comment on other possibilities until he's talked with Topping.

That goes for Bill Mulligan, general manager of Portland's Pacific Coast leaguers, who wanted to know if Joltin' Joe's available as Beaver

And for San Francisco Seal fans who've been hopefully dreaming that DiMaggio and Lefty O'Doul might take over the local PCL club.

A panel of judges met today to consider the essays submitted on "My Community's Contribution to Pennsylvania's Greatness."

The theme of the essays is in keeping with the general tone of the entire Pennsylvania Week observance. This year the emphasis has been shifted from the funfare of the Pennsylvania Week train and its traveling celebrities to local community festivities.

Laneaster, Pa., Oct. 16 (P-A 47year-old postoffice foreman, accused of stealing \$85,000 from registered mail is free on \$12,000 bail today, asserting a friend known only as "Joe"

was responsible for the theft. C. Donald Furlow, a trusted postal employe for 25 years told postal inspectors that "Joe" gave him the money for safekeeping and, in return, he signed a receipt.

Inspector Harry Kimbell disclosed that "much" of the missing money was recovered on Sunday from bank accounts opened by Furlow in Mifflintown and Lewistown, Pa. Another large sum was found buried in a medal box on a Juniata county farm of a friend of Furlow, Kimbell said.

Check Reveals Theft

Department officials indicated they discovered the theft following a routine check of registered mail logs several months ago which uncovered 'suspicious" entries. Then further investication revealed the two bank accounts opened by Furlow.

W. W. Whitesel, Juniata county sheriff, said that Furlow went to the home of two old friends in Richfield. Pal, on September 18, the day after the theft was reported, and fold them he represented an oil company seeking to buy farms in

FIFTY YEARS AGO

The Soldier Gathering: Last week will be remembered by our people as another of those lively instances with which Gettysburg is familiar and accustomed to seeing.

The 16th Annual Encampment of the Union Veteran Legion, and the 15th Annual Reunion of the Old Bucketail Brigade, and also the Reunion of the 149th Reg. Pa. Vols. are things of the past, but their meetings here will long be remem-

The visitors continued to come all day Wednesday and Thursday. Few of the Old Bucktail Brigade reached our town until Wednesday evening and were escorted from the depot to their headquarters, the Battlefield Hotel, by the G. A. Band, of this place. The number of visiting soldiers was not as large as was anticipated; however, there was between two and three thousand vet-

Thursday was the big day. There were over 3,300 excursionists brought here by the Reading road. liams made the address of welcome. After the camp-fire a ball and reception was tendered the delegates by the Gettysburg committee of the Union Veteran Legion of Philadelphia, in Xavier Hall, which was largely attended and was a very

enjoyable affair. Wednesday was spent in going over the battlefield. All portions of the field were visited by the "boys" in blue and their friends, traveling in various ways, some in carriages. some by trolley and many walking.

In the afternoon, Gen. W. W. Dudley came in and was received at the W.M. depot and escorted to the Eagle Hotel by quite a procession of enthusiastic men.

At 7:30 F.M., the Grand Army Band headed the procession from the headquarters—the Eagle Hotel -and marched to Xavier Hall, where the first business session of the Encampment was held.

Husking Bee: A very pleasant and enjoyable Husking Bee took place at the home of Capt. and Mrs. Chas. G. Miller, Straban township, Friday evening. One of the unique Oliver Blocher, narrowly escaped features of the gathering was the being smothered to death. Retiring from the vice presidency of this group, Mr. Klare has worked tirelessly ever since to make his dream come true.

P. O. WORKER IS **HELD FOR THEFT**

Laneaster, Pa., Oct. 16 (AP)-A 47year-old postoffice foreman, accused of stealing \$85,000 from registered mail, is free on \$12,000 bail today, asserting a friend known only as "Joe" was responsible for the theft.

C. Donald Furlow, a trusted postal employe for 25 years, told postal inspectors that "Joe" gave him the money for safekeeping and, in return, he signed a receipt.

Inspector Harry Kimbell disclosed that "much" of the missing money was recovered on Sunday from bank accounts opened by Furlow in Mifflintown and Lewistown, Pa. Another large sum was found buried in a medal box on a Juniata county farm of a friend of Furlow, Kimbell said.

Check Reveals Theft Department officials indicated they discovered the theft following a routine check of registered mail logs several months ago which uncovered 'suspicious' entries. Then further investigation revealed the two bank

accounts opened by Furlow. W. W. Whitesel, Juniata county sheriff, said that Furlow went to the home of two old friends in Richfield, Pa., on September 18, the day after the theft was reported, and told them he represented an oil company seeking to buy farms in the area.

The sheriff said one farm already had been bought for \$7,000 and other deals were pending. The names of Furlow's two friends were not disclosed but Kimbell said he intends to confer with the U.S. attorney in Philadelphia on the possibility of lodging charges against them.

Furlow, whose annual salary was \$4,470, will be tried in U. S. District Court in Philadelphia.

A Helping Hand through SERVICE — not Charity...

... the RED FEATHER SYMBOL of the Community Chest stands for service, not charity! It encompasses far more than economic boundaries — for the needs of man are many, and a helping hand must be extended to those needing physical, emotional, spiritual or mental help. The RED FEATHER THEME — "Everybody Benefits — Everybody Gives," is more than a slogan. It expresses the idea that the man who gives and the man who receives may well be one and the same. It is an American custom to share responsibility. Aid to the physically-handicapped, the aged and the blind ... visiting nurses ... hospitals ... child aid and guidance ... maternity clinics and homes ... community centers — are all neighborly services. These are the groups who benefit from your Community Chest contribution. Be sure yours is generous enough to cover them all! Be sure to give to your Community Chest ... and be sure to give enough!

ONE Campaign Instead of SIX!

Here Is How the \$20,350 To Be Raised by Community Chest Will Be Divided Among Six Organizations:

ADAMS COUNTY FREE LIBRARY

which furnishes a wealth of reading material for both young and old, receives \$2,000 from Community Chest. In addition to providing good books, the library also provides a beautiful and well equipped reading room, magazines, newspapers, reference works and guidance service in reading for all who wish to use the facilities.

GIRL SCOUTS

are granted \$2,700. That amount helps maintain the Gill Scouting program locally — gives Gettysburg girls training in good hapits and good citizenship as well as training in many skills.

BOY SCOUTS

receive \$2.200 There is little need to tell of the work of the Boy Scouts, for hundreds of Gettysburg youths have received incomparable citizenship and crafts training under the Boy Scouts for many years

GETTYSBURG RECREATION ASSOCIATION

is annually given two grants from Community Chest, one part for operation of the association during the year, the other for development of permanent facilities by the association. This year \$5,500 has been allocated for operation and \$1,500 for improvements to land and building. The recreation program, for both children and adults, provides a program ranging from softball to crafts, a summer play-ground that is becoming the equal of any anywhere and a complete indoor winter program.

GETTYSBURG CIVIC NURSE

which provides a nurse who visits the homes of all on call—caring for patients giving the professional care that only a nurse can provide in c+e of illness, receives \$1.250. Since those who can pay a portion of the cost of the nurse's visits, the amount given by Community Chest covers only the cost for those who can not pay

YWCA

will be given \$2,500 for its current operating expenses. Not only does the YWCA provide facilities for many organizations of women but it also serves in a larger sense as a Gettysburg Community outer — a place for meetings of many organizations, and a place where people may rest when downtown.

THE CONTINGENT FUND

will receive \$1500. This sum is set aside to take care of emergencies that may arise during the year. No one ever knews when an emergency may arrive. When it does, the contingent fund meets the need.

EXPENSE

will require \$1.200 In cests money to put on a financial direct Efferance must be printed to let people know of the direct Supplies including posters red feathers, cards, etc. are needed and they all cost money. With one drive for six craminations, there is only the cost for one drive—instead.

A Helping Hand through SERVICE - not Charity...

... the RED FEATHER SYMBOL of the Community Chest stands for service, not charity! It encompasses far more than economic boundaries — for the needs of man are many, and a helping hand must be extended to those needing physical, emotional, spiritual or mental help. The RED FEATHER THEME — "Everybody Benefits — Everybody Gives," is more than a slogan. It expresses the idea that the man who gives and the man who receives may well be one and the same. It is an American custom to share responsibility. Aid to the physically-handicapped, the aged and the blind . . . visiting nurses . . . hospitals . . . child aid and guidance . . . maternity clinics and homes . . . community centers — are all neighborly services. These are the groups who benefit from your Community Chest contribution. Be sure yours is generous enough to cover them all! Be sure to give to your Community Chest . . . and be sure to give enough!

ONE Campaign Instead of SIX!

... This Year!

Here Is How the \$20,350 To Be Raised by Community Chest Will Be Divided Among Six Organizations:

ADAMS COUNTY FREE LIBRARY

which furnishes a wealth of reading material for both young and old, receives \$2,000 from Community Chest. In addition to providing good books, the library also provides a beautiful and well equipped reading room, magazines, newspapers, reference works and guidance service in reading for all who wish to use the facilities.

GIRL SCOUTS

are granted \$2,700. That amount helps maintain the Girl Scouting program locally — gives Gettysburg girls training in good habits and good citizenship as well as training in many skills.

BOY SCOUTS

receive \$2,200. There is little need to tell of the work of the Boy Scouts, for hundreds of Gettysburg youths have received incomparable citizenship and crafts training under the Boy Scouts for many years.

GETTYSBURG RECREATION ASSOCIATION

is annually given two grants from Community Chest, one part for operation of the association during the year, the other for development of permanent facilities by the association. This year \$5,500 has been allocated for operation and \$1,500 for improvements to land and buildings. The recreation program, for both children and adults, provides a program ranging from softball to crafts, a summer playground that is becoming the equal of any anywhere, and a complete indoor winter program.

GETTYSBURG CIVIC NURSE ASSOCIATION

which provides a nurse who visits the homes of all on call—caring for patients, giving the professional care that only a nurse can provide in case of illness, receives \$1,250. Since those who can, pay a portion of the cost of the nurse's visits, the amount given by Community Chest covers only the cost for those who cannot pay.

YWCA

will be given \$2,500 for its current operating expenses. Not only does the YWCA provide facilities for many organizations of women, but it also serves in a larger sense as a Gettysburg Community center — a place for meetings of many organizations, and a place where people may rest when downtown.

THE CONTINGENT FUND

will receive \$1,500. This sum is set aside to take care of emergencies that may arise during the year. No one ever knows when an emergency may arrive. When it does, the contingent fund meets the need.

EXPENSES

will require \$1,200. It costs money to put on a financial drive. Literature must be printed to let people know of the drive. Supplies, including posters, red feathers, cards, etc., are needed and they all cost money. With one drive for six organizations, there is only the cost for one drive — instead of six.

AMAZING HEAT OUT IN SPACE

By HOWARD W. BLAKESLEE

(Associated Press Science Editor) New York, Oct. 16 (A)-Amazing heat out where interplanetary ships would fly was described the other day to a space travel symposium at the Hayden Planetarium. It is the first American space symposium.

After your ship left the protection of the earth's atmosphere, your danger would be getting too hot rather than cold. The heat is from the naked rays of the sun. Only the very best reflecting metals on the ship's skin would keep the passengers from unbearable heat. Even the heat from bodies of other passengers would be uncomfortable

This heat problem was reported by Dr. Heinz Haber, of the U.S. Air Force School of Aviation Medicine, Randolph Field, Tex. He was one of the leading German scientists of World War II.

13 Seconds of Consciousness Another trouble, Haber said, would be your lack of weight. You would feel as if you were falling into a bottomless pit. There would be a lot of surprises. A slight push with hands or feet might catapult you across the cabin.

There is likely to be a new form of seasickness, known as space sickness. This, Haber said, could in-

This development came about primarily to stem attacks of "dictatorship" from home and abroad. The word itself has come to have a very unsavory meaning in Latin America because of the extreme ruthlessness of some past dictators. Claim "Democracy"

Enemies of President Juan Peron of Argentina have frequently attacked him from abroad as being a dictator But Peron just as quickly has come back with the answer Argentma is a democracy, that he was elected president and the counury has a constitution, a congress and a system of courts

The Argenune senate is made up entirely of Peronista party members and only a small number of Radical party opponents are in the chamber of deputies.

The congress has passed a stiff law levying heavy punishment on anyone showing "disrespect" for the president or members of his government Peron is now running for re-election.

In Nicaragua Gen Anastasio Somoza has ruled as president or war minister, but always as the "strong man,' during the last 19 years.

Last year Somoza got caught in a three-way election fight which clouded his prospects for victory Somoza reached an understanding with his most relentless political enemy Gen Emilio Chamorro
